ATTENTION TO DETAIL

Working together, we can figure out how to make your wheelchair uniquely yours. We know the small touches make a big difference.

BUILT TO LAST

We never compromise on quality. With your wheelchair as your mobility, reliability is paramount. We'd much rather spend time improving our products than repairing them.

ENGINEERED TO THE LAST BOLT

If we think we can make it better, we will. Our in house engineering team are hands on, working side by side with customers and therapists. The entire Magic team work continuously on how we can improve the experience from choosing a Magic Mobility wheelchair to its performance in the places you want to go.

PROUDLY AUSTRALIAN DESIGNED AND MADE

We love that our product is made in Australia. We love meeting our customers, hearing their ever changing needs and taking it back to the drawing board.
