

"I'M INDEPENDENT AGAIN AND ABLE TO KEEP UP WITH PEOPLE WHO AREN'T IN A WHEELCHAIR"

Nicole
 Melbourne, Australia

FULL LIGHTING PACKAGES

Been out having too much fun and it's getting late? Put your lights on. Fitted on rubber brackets.

UP CLOSE AND PERSONAL

Side transfers aren't the only reason you need to flip your armrest out of the way.

POWER OPTIONS

Consider a seat lift to help you reach, transfer and face life head on, or power tilt for improved maneuvering over obstacles.

TAKE CONTROL

A full range of advanced control systems and environmental controls are available. Easy to program and easy to use.

FRONTIER V6 COMPACT 73 URBAN

For some, the answer lies in the middle. Not the biggest, not the smallest but just right. The Frontier family has proven itself for over a decade. With the mid-sized castor arms, the Compact 73 Urban handles curbs and takes potholes in its stride, giving you improved freedom in and around the streets.

ATTENTION TO DETAIL

Working together, we can figure out how to make your wheelchair uniquely yours. We know the small touches make a big difference.

BUILT TO LAST

We never compromise on quality. With your wheelchair as your mobility, reliability is paramount. We'd much rather spend time improving our products than repairing them.

ENGINEERED TO THE LAST BOLT

If we think we can make it better, we will. Our in house engineering team are hands on, working side by side with customers and therapists. The entire Magic team work continuously on how we can improve the experience from choosing a Magic Mobility wheelchair to its performance in the places you want to go.

PROUDLY AUSTRALIAN DESIGNED AND ASSEMBLED IN THE USA

We love that our product is made in Australia. We love meeting our customers, hearing their ever changing needs and taking it back to the drawing board.
